Civic Ice Rink Opening December 16

The Town of Kirkland Lake is pleased to announce that the ice rink at Civic Service Stadium will be opening on Friday, December 16 in time for use over the Christmas holidays.

A Code of Conduct, as well as hours of operation, to ensure hockey hours are separate from Family Skating hours, will be posted on the fence at Civic and on the Discover KL website.

Several outdoor benches with floor mats are provided for putting on skates. Lines will be painted for hockey players. Overhead lights will ensure visibility is high during evening skates.

The rink is the first part of the newly renovated Civic Park to be opened to the public. This multi use park will allow citizens of all ages to enjoy the outdoors all months of the year.
